## Improvement Program Omitted From September 11th Election By Commission Wednesday Night

### Public Meeting Is Voters Advantage Commission Thinks

Commissioner Ellis' motion to eliminate the straw vote at the September 11th election was seconded by Commissioner Ingram and carried after a spirited debate and arguments by Commissioners Unwin and Livingston, both of whom voted against the motion.

It developed during the discussion that a great many folks do not believe the public is sufficiently informed to vote intelligently on the question, and to that end the motion provided

that public meetings be held similar to the Monday night one so that the public might become informed on what improvements are planned, whom they will affect and what they will accomplish.

Improvement of the water system has not been opposed by any group or individual, but everyone is asking "What is the plan?"

No information has been given out as to the proposed sewer plan, though the engineers and the financial advisors promised a copy of the plan in the brochure to be ready Monday.

The Commissioner also announced a resolution which "noted the absence of the Advisory Commission" from the Monday night

### Soil Scientist Joins Experiment Station

Dr. Howard E. Ray has recently joined the staff of the Everglades Experiment Station as Assistant Soils Chemist. Dr. Ray replaces Dr. C. T. Ozaki who resigned to enter Medical School

at the University of Florida under scholarship. He lives in Belle Glade at 143 N. E. 4th St., with his wife Jane and two children, Nancy, age seven, and Susan, age five.

Dr. Ray was raised on a dairy farm in Southeastern Kansas where he received a B.S. degree in agriculture in 1940 and an M.S. degree in soils in 1950. While working toward the M. S. degree, he served as an instructor in the agronomy department during the 1949-50 school year.

After leaving Kansas State College, he was employed as an instructor in the veterans' on-the-farm training program for one year.

May 1951 he accepted a position as Extension Specialist in Soils for the Agricultural Extension service at the University of Arizona in Tucson, and remained in that position until September 1954 when he resigned in order to do advance work in soils at the University of Minnesota. On June 9, 1956 he was awarded the Ph.D. degree by the University of Minnesota with a major in soils.

Returning from the service as a Captain, Mr. Harris was an active member of the American Legion in the communities where he lived, and was on the list of supporters of all worthwhile civic movements both in

operate the expanded business begun by Mr. Harris on the same site.

As a charter member of the Homestead Rotary Club, Mr. Harris represented a Community leader there, and played the same role in Belle Glade with the organization of the local Rotary Club. Organization of the local Elks Club found Mr. Harris one of its charter members as a transfer from the Pahokee Club.

Returning from the service as a Captain, Mr. Harris was an active member of the American Legion in the communities where he lived, and was on the list of supporters of all worthwhile civic movements both in

## "Books Closed, With Black Ink" For So. Fla. Pioneer, John S. Harris

A pioneering spirit that leaves its imprint in two of South Florida's younger communities, John S. Harris, age 67 years, was called by The Great Director Monday morning literally "with his boots on."

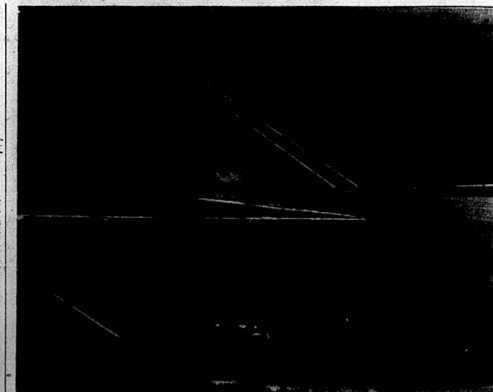

Bury, with associates, leading cattle for the Monday's market, Mr. Harris accompanied in his jeep, with it in gear, and when the ambulance arrived at the hospital, he was pronounced dead.

Born in Guilman, Georgia, on Dec. 16, 1889, Mr. Harris was reared and educated in the same neighborhood.

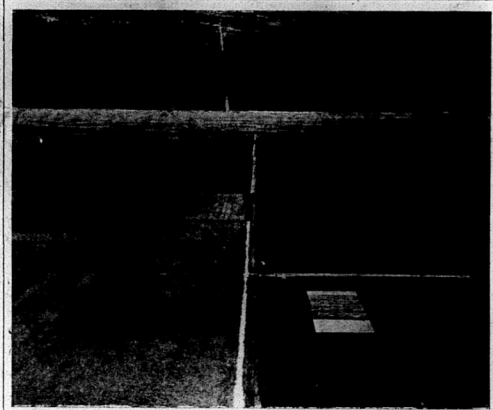

Returning from Jacksonville from service in World War One, he was associated with the Atlantic National Bank there before going to Homestead in the early Twenties.

Perennial, a high class residential development around Krome's Corner in Homestead, engaged the time and energy of Mr. Harris during 1924 and '25, and caused him to dispose of the Ford Agency to devote his time to his building and development. Joining the late Henry Brookner at Pahokee in the early Thirties in the retail lumber business, Mr. Harris spent some time as the Big Cypress in the saw mill business before coming to Belle Glade to open a retail lumber and building material business.

The Seminole Supply Co., successors to Glades Appliance now

SEVEN MILES OF PRIVATELY BUILT ROAD—plus one mile of county road affords transportation to near ten thousand acres of land not heretofore accessible by roadway. Bean City is shown in the lower foreground, with the white line indicating the mile of county road to the railway. A half mile south of the South Florida perimeter dike the road turns westward for two and a half miles (white line at top of bottom picture) and then turns south for two and a half to the roadway on the north bank of the Bolles Canal. By cooperative efforts of the County, The C & S F Flood Control District and landowners, a permanent roadway on top of the rock dike along the north side of the Bolles, allows access of US No. 27. Commencing one mile south of US No. 27 (just east of Bean City) the US Flood Control District has built a roadway in cooperation with landowners to the south, one mile. From the perimeter dike of South Florida landowners have built the roadway. At the top of the picture is shown rock roadways leading northward from the Bolles, on both sides of a main pumping canal. Pumps are located on the Bolles Canal bank. Celery seed beds are shown on both sides of the pumping canal. Lake Harbor is shown in the distance (top of picture) at projected end of local roadways. While Evans & Rogers and Mutt Thomas were the prime movers in this project, they were joined by contiguous landowners to both ends.

EIGHT AND A HALF MILES OF ROADWAY—two and a half county and six of privately built roads—gives a direct rock road from and through near ten thousand acres of land not heretofore accessible by roadway. At lower left is shown a privately built rock road leading northward from Nine-Mile Bend. The white line through middle of picture is the newly built roadway leading to the center of Belle Glade's packinghouse area. The road leading off to the right is a farm road of Sam Knight's. The second white line leading northward is in the Wedgworth lands. Knight's celery seedbeds are shown in the lower right. At the top of the picture is shown Belle Glade and the roadway leading into the packinghouse area. A gap of one mile appears in the top picture where the roadway connects on its western end with what is known as the Airport Road. Work is now in progress on this one mile stretch, by the County. County funds will be used to rebuild the first mile of the Airport road east of North Main Street (Pahokee Road) as well as the one-mile gap shown in the top picture. The road is expected to be passable to trucks bringing harvest from several thousand acres along the roadway this fall.

## Farm To Market Roads Constructed By Landowners Handle Heavy Traffic

Transportation — economical transportation — is a most important factor to the muckland farmer when it is remembered that an average of 500 to 700 crates per acre must be hauled in the harvest, in addition to the fertilizer and labor. One penny per crate saved in the actual hauling costs is a considerable factor in red or black ink; the same amount saved in repairs to hauling equipment is also a factor.

Two groups of landowners, one from east of Belle Glade and one from South Bay have demonstrated the practicability of road building by the operator. George Wedgworth, with lands directly east of the packinghouse area in Belle Glade and Evans & Rogers and Mutt Thomas with lands south and between Lake Harbor and South Bay. In the case of lands north of Nine-Mile Bend a six mile road has been provided by George

### Roberts Addresses Lions Noon Meeting

State Representative Emmett S. Roberts reported to the Belle Glades Lions Club on the recent fund-raising session of the Florida State Legislature at their regular meeting on Wednesday at the Belle Glades County Club. Called into special session by the Governor Roberts said the Legislature concerned itself primarily with dealing with specific emergency measures that were needed to continue production within the state. Some of these were appropriations to build additional facilities to relieve crowded conditions at Rialto and the Women's Prison at Lowell, also additional personnel for the parole commission, Funds to eradicate the Mediterranean Fruit Fly, Segregation problems funds to open the Mental Health hospital in Broward County being completed ahead of schedule, increasing the number of Highway Troopers to aid Highway Safety, establishment of a new school for

The Lake Buick Company, through the efforts of Mr. Frank Hobson, Principal of Belle Glade High School, are furnishing the 1956 Training Car for the year 1956, according to Mr. W. A. Slaughter, driver training instructor in Belle Glade and Pahokee High Schools. Mr. Hub Spooner, salesman for the Lake Buick Company, has put forth every effort to

### INTEGRATION

of the stock of REDWING with the local and other stores owned by the Winn Lovett organization is expected to take place Sunday. Bob Riley was informed Thursday that the Redwing store which was bought recently will cease operation after business on Saturday night; employees were ordered to report to the former Royal's store Monday morning.

### Red Cross Evacuation Committee For Glades Meets Mon. In Clewiston

Chairman Luther Jones of the American Red Cross, Glades Evacuation Committee has called a meeting of his committee for Monday, August 27th, at Clewiston Inn at 10:00 a.m. In addition to the officials of Red Cross from the Atlanta office representatives from the Lakeland Chapter, the Okeechobee County Chapter, Highlands County, Glades and Hendry counties. The ACL Seaboard and Florida East Coast railways will be represented, as will the U. S. Engineers and the C&SF Flood Control District. Plans were laid in 52 for an eventual meeting in the future and the meeting is called for the purpose of reviewing and bringing up to date any plans indicated.

### Four Candidates For Two Vacancies

H. V. Draa and Bill Evans are candidates for the vacancy on the City Commission caused by the expiration of the term Commissioner Ellis in Northboro in the Central Borough Mayor Ashley will have to contend with Floyd Rider.

The books closed Wednesday afternoon at the close of business by the City Clerk, Frank Anderson. The Herald will attempt to announce next week the platform of the candidates, constructive and destructive, if they will announce them.

### Election Officials Named By Commission

The Commission named G. I. (Pop) Evans as Clerk and the following as Inspectors for the coming City Election: Mrs. Ellen Beasley, Mrs. Mary B. Eggleston, Mrs. Sally T. Stein, Mrs. Jean W. White and Mrs. Winnie P. Roberts.

## Army Reserve Unit Back From Ft. Bragg

Local members of the 318th Logistics Command, an army reserve unit with headquarters in West Palm Beach, have returned home after undergoing two weeks' active duty at Ft. Bragg, North Carolina.

Members of the unit include Major William A. Wooten, Captain Emmett S. Roberts, 1st Lt. Jewel Bass, and 1st Lt. George Wedgworth.

The unit, together with the 87th Infantry division, trained together under the command of Major General Higgins and have been given a very important reserve mission. The first of duty was spent in firing of small arms for both qualification and familiarization. In addition, it is necessary that each reservist take an army proficiency test each year. This test is more or less a review of basic army subjects to check each man's ability in retaining his army training.

The second week of training was spent in other phases of training. Major Wooten, who is in the G-3 section, spent his time in making training plans and writing procedures. Lt. Bass and Lt. Wedgworth were members of survey teams gathering data on subjects to be trained for army maneuvers.

Ft. Bragg, one of the largest army posts in the country is the home of the famous 82nd Airborne Division and provides an ideal location for summer training.

(Continued on page 8)

### Two Injured On SR 80 During Early Hours

Two local residents suffered minor injuries near here Friday when their cars collided on State Road 80 about 17 miles east of Belle Glade at 4:30 a.m.

The drivers of the vehicles were identified as Billy Mathis of 125 N. W. 2nd St., and Thomas Hicks, negro.

According to Trooper Danny Jackson of the Florida Highway Patrol, Hicks was attempting to turn his car around in the road and backed into the path of the Mathis' oncoming car.

Hicks was charged with driving while drunk and violating the right-of-way.

## Visiting Fiber Specialist Compares Ramie Production In Philippine Home

GOVERNOR WILLIS HITT, of the 243rd District of Rotary International (left) and Dr. Thos. Breger local President greet Mr. Apicacia A. Lanzua, Acting Chief, Fiber Division, Bureau of Plant Industry, Manila Philippine Islands, at the regular meeting of the local Club on Friday, August 17th.

Mr. Apicacia A. Lanzua, Acting Chief of the Fiber Division of the Philippine Agricultural Department, Manila is visiting the United States on the Four Point Program in search of information on his professional occupation, and has come to the Everglades Experiment Station as a part of that program.

"Mr. Lanzua, in discussing ramie production in his country said "Our general average of production per acre is approximately 1350 to 1400 pounds of China Grass per acre with four and five harvests."

When asked about labor and production costs, the visitor believes that around 20 cents per pound is the minimum that his country's farmers can afford to sell the China Grass (undegummed fiber). "Field labor of a Bureau of \$1.25 per acre of skilled labor day up to \$4.00 for an eight hour day does not allow the Philippines to compete with India and Pakistan's labor at a few cents per day," he stated.

When asked for an opinion of our agricultural methods, the visitor believes that a lack of 100% stand and methods of harvest which affect that stand is a glaring defect in our operation, though the industry in his own country still uses the hand method mostly in its production.

C. A. Bailey, brought the visitor as his guest, and Rotarians welcomed him as a visitor to the local club as an International contact.

## South Bay News

By American Legion Aux.  
Unit 161

Mrs. Jean Kohout is a surgical patient in the Veteran's Administration Hospital in Coral Gables.

Billy Walk returned home after two months in Douglas, Georgia, with relatives.

Mr. W. W. Walls from Douglas, Ga., spent the weekend with his brother Mr. and Mrs. Joe Walls.

Miss Ann Driggers went to Fort Myers Sunday to visit Mr. and Mrs. Jessie Driggers. She brought Debbie home to spend the week with grandparents, Mr. and Mrs. T. L. Driggers. Ann also visited Mr. and Mrs. Billy Rogers at Fort Myers Beach.

Mr. and Mrs. R. R. Roadman, Mr. and Mrs. C. E. Critchfield entertained Rev. and Mrs. Wilson and daughter, Ann, supply

pastor for the Presbyterian Church of Belle Glade, from Watervliet, N. Y. and Mr. and Mrs. Frank Haines, Johnny and George of Ft. Pierce, with a picnic lunch Sunday at the Jefferson Memorial Park in South Bay.

Mr. Bill Mulligan and Mrs. Jessie Driggers of Fort Myers spent Thursday with the T. L. Driggers.

Mr. K. L. Lockmiller was home for the weekend from New Smyrna.

Mr. and Mrs. Burton Martin and Denny made a business trip to Lake Wales Saturday.

Mr. and Mrs. Joe Hodges and Tommy Joe, Mr. and Mrs. Harvey Hodges, Robert and Rickey and Mr. and Mrs. E. M. Hodges went to Saint Lucy Locks Saturday fishing and had a picnic lunch.

Daphne and Betty Lou Henderson returned home Saturday after spending the summer with their grandparents Mr. and Mrs. John Henderson, Captiva, Fla.

Mr. John Henderson of Sanibel and Captiva visited Saturday with his son and family Mr. and Mrs. Sam Henderson.

Mr. and Mrs. R. A. Williams, Rickey and Jerry of St. Petersburg, spent the weekend with Mrs. Williams parents, Mr. and Mrs. Roy Lovell.

Mr. and Mrs. H. M. Prevatt and family went on a picnic to Jupiter Sunday.

Mrs. James Summerlin and Janet went home last week from three weeks visit with relatives in Philadelphia, Mississippi, where they were guests of his parents, Mr. and Mrs. Cecil Morris.

Mr. and Mrs. Henry Tripp, mother of Mrs. Morris, who spent the summer in Carthage, Miss., returned with them.

Mr. and Mrs. S. L. Eckman who spent the past two weeks in Wisconsin where they will be the guests of Mr. and Mrs. Don Meltzer in Union Grove, Eau Claire, spent a week in Fort Myers with the Eckmans before returning to her home in Charlevoix, Pa.

Mrs. Leona Minahan and son Forrest Norton who are former residents of South Bay have moved back here from Daytona Beach.

Mr. and Mrs. Howard Woodham and son, Randy, will leave tonight for a ten day vacation in Wisconsin where they will be the guests of Mr. and Mrs. Don Meltzer in Union Grove, Eau Claire, where they will visit Mr. Woodham's parents in Ozark, Ala.

Mrs. Mary Williams and son Curtis Rutledge and children from Okeechobee spent Friday with daughter and sister Mrs. Leona Minahan and Forrest Norton.

Johnny Lamoureux from Clewiston is spending the week with his cousin Tommy Joe Hodges.

Visiting Mr. and Mrs. Hoyt Earn and family is his mother, Mrs. Leslie Earn and brother Mr. and Mrs. Earn and family from Warner Robin, Ga.

Visitors of Mr. and Mrs. H. B. Walker have been Mr. and Mrs. Clyde Griffin, Charlotte and Judy of Hartford, Ala.

Mr. and Mrs. H. B. Walker, Marsha and Neil and Mr. and Mrs. Clyde Griffin, Charlotte, and Judy visited Mr. and Mrs. Earl Walker and family in West Palm Beach Saturday.

Mr. and Mrs. O. D. Martin and family returned home Friday from a two weeks vacation with Mrs. Martin's mother, Mrs. Clara Ramage at Chester, Ga.

Curtis Williams, son of Mr. and Mrs. A. J. Williams arrived Sunday from Tuxedo, Ala. while Mrs. Curtis Williams and son are visiting in Lakeland, Tampa and Fort Pierce before she comes to join her husband.

Mrs. Buster Cooper gave her six-year-old daughter, Pam, a birthday party at her home on Thursday. She served Doll Carriage birthday cake and ice cream to Charles Miller, Denise and Tina Swain, Terry Cook, Douglas and Sandra Cooper.

Mr. and Mrs. George DeVane and Kathy of Lakeland were callers at the Jessie Barnes home.

Mr. and Mrs. Pellon Morris returned home last week from three weeks visit with relatives in Philadelphia, Mississippi, where they were guests of his parents, Mr. and Mrs. Cecil Morris.

Mr. and Mrs. Henry Tripp, mother of Mrs. Morris, who spent the summer in Carthage, Miss., returned with them.

Mr. and Mrs. S. L. Eckman who spent the past two weeks in Wisconsin where they will be the guests of Mr. and Mrs. Don Meltzer in Union Grove, Eau Claire, spent a week in Fort Myers with the Eckmans before returning to her home in Charlevoix, Pa.

Mr. and Mrs. H. B. Walker, Marsha and Neil and Mr. and Mrs. Clyde Griffin, Charlotte, and Judy visited Mr. and Mrs. Earl Walker and family in West Palm Beach Saturday.

Mr. and Mrs. O. D. Martin and family returned home Friday from a two weeks vacation with Mrs. Martin's mother, Mrs. Clara Ramage at Chester, Ga.

Curtis Williams, son of Mr. and Mrs. A. J. Williams arrived Sunday from Tuxedo, Ala. while Mrs. Curtis Williams and son are visiting in Lakeland, Tampa and Fort Pierce before she comes to join her husband.

Mr. and Mrs. Sam Henderson, honored their son, John Lee, on his 8th Birthday with a party at his home Saturday. A cowboy theme was carried out with each guest receiving a cowboy hat, nuts, candies, cake and ice cream and colas. Gifts were received from Bobby and Kenny Murray, Linda, Judy, Barbara and Prissy Plank, Susan Allen, Franny Hall, Jimmie and Nellie Sconyers, Tommy Etheridge, from Greenville, N. C., Rhonda Walker, Ernie and Norma Jean Singletary, Dale, James and Janet Henderson, Ann Skipper, Jerry and Terry Peacock, of Belle Glade, Daphne, Betty Lou and Rickie Henderson, Michele, Cheryl and David Allen of Pensacola, James Spradley, Mrs. H. H. Walker, Mrs. Vernon Henderson, Mrs. Calvin Peacock, Mrs. W. C. Allen, Mrs. Wm. Murray, Mrs. Art Collins, Mrs. Betty Sconyers and Mrs. Marie Singletary.

Okeelanta's Chief Engineer Farewelled

The American Legion Hall at South Bay was the scene Saturday night of a surprise farewell party for C. J. LaGarde for several years the chief engineer at Okeelanta. Mr. LaGarde is returning to his home state of Louisiana, much to the regret of his former fellow employees, who wish him well in his new undertaking.

The highlight of the evening was the carving of the roast pig, so delectably prepared in true Puerto Rican style by Mrs. Pablo Gutierrez and Ernesto Ramos and served to the following: Mr. and Mrs. C. J. LaGarde, Mr. and Mrs. J. A. Marquez and daughter, Anna Teresa, Mr. and Mrs. J. M. McKenna and Mrs. Mary Thompson, of Miami, Mr. and Mrs. Jesse Barnes, Mr.

and Mrs. Barney Thomas, Mrs. Pablo Gutierrez, Mr. and Mrs. William Handley, Mr. and Mrs. Hooker McDuffie, Mr. and Mrs. Albert Levis, Mr. and Mrs. Ernest Williams, Mr. and Mrs. Fred Mathis, Mr. and Mrs. L. F. Farmer, Mr. and Mrs. Phil Harrison, Mrs. Verda Higgsbottom, Mrs. Corine Titworth and Messrs. Arthur Brass, Santos, Lugo Tito, Ramiro Olavarria.

The color scheme of red, green and white was carried out in the gaily decorated hall as well as in the table appointments.

Barbecue Given On Completion Of Levee

On completion of Levee-20, in the South Florida Flood Control District, five and one half months ahead of schedule by Reynolds and Still Construction Co., a barbecue was given by Luke Smith for employees and personnel of the U. S. Corps of Engineers of Clewiston at the South Bay Municipal Park.

About 225 persons attended including C. M. Wiesenfeld, of Clewiston, South Bay city officials, Lions Club members and the U. S. Corps of Engineers and their families.

The menu included barbecue ribs, chicken and rice, potato salad, cole slaw, coffee and swamp cabbage.

Radio And Television Bring The Conventions To 150 Million Folks

The greatest audience in history—about 150 million Americans—will have had a chance to be roving delegates at the two 1956 national political conventions in Chicago and San Francisco.

The public are "box seat" spectators due to the largest press and television hook-up in history. For the press, telephone companies have installed nearly 600 additional teletype writers in the convention cities and a network of 760,000 miles of teletypewriter circuits are carrying the news to press outlets for distribution to newspapers and to radio and TV news commentators.

Over 1,500 radio stations can receive the program from the convention halls via the Bell Telephone System's radio program network.

The 50 TV channels available when the democratic national convention opened in Chicago on August 13 are an increase of 72 per cent over the number used for the 1952 conventions.

Record amounts of public telephones, private lines, switchboards, telephone circuits and other communications equipment were also installed.

A good idea of the size of the communications job is the special telephone center in the convention hall which requires 110 uniformed telephone men and women to serve delegates and visitors 24 hours a day. The center takes and relays messages to delegates on the floor and also handles long distance messages through a battery of telephone booths.

At the Republican convention, which began August 20 at the Cow Palace, 40 TV channels will be in operation instead of the three or four normally needed for a public event in San Francisco. In addition, other special communication facilities similar to those used in Chicago serve press and broadcast people, delegates and visitors.

Nearly 73,000 miles of the Bell System's TV channels carry telecasts to about 400 TV stations in 270 cities across the nation. More than 90 per cent of all Americans will be able to see the conventions. This compares to the 30,000 miles of channels which carried TV programs to 107 stations in only 65 cities during the 1952 conventions. There were an estimated 60 million viewers watching the 1952 convention proceedings.

Today, practically the entire nation can watch the nomination of candidates and see the drama that springs from our system of selecting men for the highest public offices in the nation.

## CHURCHES

### CHURCHES OF CHRIST SCIENTIST

The healing power of divine Love will be set forth at Christian Science services Sunday in the Lesson - Sermon entitled "Jesus Jesus."

Jesus' assurance to his disciples of their ability to heal the sick by means of prayer will be included in the Scriptural reading (John 14:12): "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do because I go unto my Father."

Selections read from "Science"

### CHURCH DIRECTORY

### Health and Key to the Scriptures

By Mary Baker Eddy will include the following (24:4): "The divine Love, which made harmless the poisonous viper, which delivered men from the boiling oil, from the fiery furnace, from the jaws of the lion, from the heat in every case and triumph over sin and death."

### Pahokee Baptists To Begin Youth Revival

A Youth-Led Revival will begin Sunday, August 26th at the First Baptist Church of Pahokee and run through the following Friday.

Buddy Simpson and his team from the Baptist Student Union Department of the Florida Baptist Convention will lead in the week that has been designated Youth Week in the Church. In addition to Buddy, two other young people will make up the visiting team.

Services will be held nightly, and every Teen Ager in Pahokee is invited to attend and participate in the services along with every Young Person and Adult.

The week will include Fellowship, singing, fun, and conferences along with soul-stirring messages in sermon and song each evening.

### First Baptist Church Bible School Underway With 209 Enrollment

The Bible School of the First Baptist Church broke all previous attendance records on Tuesday with an attendance of 209 according to Mrs. Clyde Parrish, secretary. The Vacation Bible School began with a pre-arranged day last Friday when the children and young people were acquainted with the program and a parade was held. Fifteen gaily decorated cars highlighted the parade. Wendell Carpenter, superintendent, credited the enlarged attendance to the fine workers who are staffing the school. Commencement will be held at 7:30 p. m. Wednesday, August 29th at the church. Parents and friends are invited to attend this program and view the exhibits of each department.

The new church hymn books will be dedicated in a special service this Sunday night at the regular evening worship service. The Baptist Hymnal was released March and is the work of 37 outstanding Baptist pastors and musicians. The Belle Glade Church is happy to join with many other Baptist churches in the use of this finest of Baptist Hymn Books.

About 20 adults and young people attended the Palm-Lake Association "Sunday School" meeting in Riviera Beach on Thursday night. Mr. U. M. Malcolm and Mr. Mills Byrum presided at this church at the Executive meeting preceding the Sunday School meeting.

September has been designated as church music month. During this month the graded choir program of the church will resume and other special musical events are planned which will be announced later. The Adult choir welcomed back last week many of its members who have been away on vacation.

On Wednesday evening this program was repeated at the regular mid-week prayer service. Barry in the absence of Rev. Garrett will speak at the morning worship service Sunday August 26th on "Revolution and Reconciliation." His topic at the evening service will be on "Why Not Now?"

### Methodist Youth Week August 26-31

Jerry Barry, youth director at the Community Methodist Church announces Youth Week beginning Sunday, August 26th through 31 for all Youth regardless of denomination in age group 12-23 years.

Youth leaders at Leesburg Youth Camp, Buck Freemy of Ft. Myers will lead the recreation program and Leonard Herrington will teach classes. Jerry Barry will have charge of the worship services during the week.

The youth program will end with a banquet on Friday night with the Rev. Dick Blanchard of Miami as the guest speaker. Members of the Women's Society of Christian Service will be in charge of the banquet. All Methodist Youth in the lake district are invited to attend.

Tuesday evening the MYF of the Community Methodist Church was host to the Glades Sub-District and for the worship service gave a very effective play. Those participating were: Mienda Dell, Nello Killough, Media Wiser, Buddy Barry, Buck Jones, Billy Carter and Bill Burr. Miss Cheryl Corbin was in charge.

A trio consisting of Jo Margaret Parsons, Marianne Wagoner and Gladys Dell gave a special number following the play.

### New Baptist Sanctuary Services Set Sunday

The First Baptist Church of Pahokee will open this new Sanctuary this coming Sunday, August 26, with an "Accent on Youth" but will be dedicated at a later date in early fall. At that time the membership of the church will be returned from vacation and summer work. Full story of its construction will be carried at that time. The building is colonial in style with matchless furnishings including a new Baldwin number 5 organ. Seating capacity is 600 though for the present the balcony will not be used for worship services.

German Memorial Presbyterian Church in Watervliet, N. Y. Mrs. Wilson and daughter were also here with Rev. Wilson.

Dr. J. Leighton Scott, will bring the message at the local church Sunday, after returning this week from New York where he filled Rev. Wilson's place in Watervliet.

Mr. C. H. Booth received word of the death of his father, K. M. Booth, in Manor, Ga. Mr. Booth, Mrs. Booth and Joyce went to the funeral.

County Checking On Unapproved Subdivision

Florida's recently adopted legislation concerning sale of subdivisions may get its first test in Palm Beach County.

The county commission this week heard from Steve Middleton, its engineer, that a new subdivision — not approved by the county — was being offered for sale.

The subdivision—North Palm Beach Heights—is located west of State Road A1A, between Lake Park and Jupiter. Middleton recommended that the commission check to see if the subdivision is in accordance with the law.

The commission instructed County Attorney Harry Johnson to check the promotion both with the Florida Real Estate Commission and against the new law adopted by a special legislative session.

What kind of a church would my church be if all the members were just like me?

## City To Get Share From Cigarette Tax

Money available for distribution from cigarette tax collected in June 1956, amounts to \$1,648,662.16. J. D. Williams, Director of the State Beverage Department, which collects the tax, has announced that this \$1,648,662.16 will go to the general revenue fund. The remainder of \$1,382,248.33 will be distributed to Florida's incorporated municipalities.

The City of Belle Glade will receive \$4,264.32 as its share of the tax revenue for June. The City of Pahokee will receive \$1,827.44, South Bay \$741.26.

Restoration Of Nassau Flight Asked For PB

Charges that Mackey Airlines, Inc., certified to fly passengers between the Palm Beaches and Nassau, is not keeping faith with the community, were made Monday by Charles Hays, manager of the West Palm Beach Chamber of Commerce.

Hays appeared before the county commission to seek the boards assistance in having the airline reschedule a flight that gave direct service between the Palm Beach and the islands. Hays said the schedule had been dropped because of a summer slump in passengers and that now residents of Palm Beach County are obliged to fly to Ft. Lauderdale to make plane connections with the islands.

The Chamber manager recalled that the commission and other agencies had come to Mackey Airlines assistance when the plane company was seeking to extend its service — a request that won government approval.

Hays said he realized that passenger business was slack during the months of September and October but the drop this year, in view of the summer tourist business, would be less than in the past. Mackey, he said, has dropped the schedule for 60 days. Hays added, "I believe Mackey should play along and not just take the cream."

Hays also pointed to immigration and custom facilities here because often they will

## Can't Happen To Me! Isn't A Wise Attitude!

"It is estimated that for every known diabetic there is one that is unknown and the Florida State Board of Health has been making an intensive effort for the past several months to discover persons with unrecognized diabetes," says Dr. L. L. Parks, director of the Bureau of Special Health Services of the State Board of Health.

One very important factor in this diabetes case-finding program is the use of mass blood testing surveys, points out Dr. Parks. Formerly these surveys were made for the purpose of discovering venereal disease. Since September 1955 they have been serving a dual purpose. When a blood sample is taken, part of it is used for a serology test for syphilis and the other part is tested for diabetes. However, only one person over 30 are routinely tested for diabetes.

Over 20,000 persons have been tested so far in surveys in Palm Beach, Broward, Seminole, Hillsborough, Pinellas and Palm Beach counties since last September. As a result 968 persons whose tests indicated that they might have diabetes were referred to their personal physicians for further study and treatment if indicated. Tests are currently being made in Broward County and are planned for several other counties this year and next.

"Many persons with mild or early cases of diabetes may not suspect that they have the disease because often they will

## Legion, Auxiliary Hold Joint Supper

A joint pot luck supper was enjoyed by about 75 members of the American Legion and the Auxiliary, Port at the Legion Hall Tuesday night.

Following the supper a surprise party was given for Mrs. Ruth Pentz on the occasion of her birthday.

A surprise package was raffied off, the proceeds to be used for the Bingo Party which will be held at the Veterans Hospital in Coral Gables Monday night. All members wishing to attend are asked to meet at the Legion Hall at 8 o'clock sharp.

Insulin has been furnished by the State Board of Health to the county health departments for distribution to the indigent cases who have been properly certified. However, demand for the insulin has exceeded the funds available for supply.

The diabetes and syphilis testing programs are being carried out by a trained team of workers from the State Board of Health in cooperation with local county health departments and county medical societies.

## Ed Lively Reports On Savings Bonds Buying

Edward M. Lively, Volunteer Chairman of the State Board of Savings Bonds Committee, today reported that county purchases of Series E and H Savings Bonds in July were \$224,806, and that the total for the first seven months of 1956 now stands at \$2,205,373.

"For the state," Mr. Lively pointed out, "purchases for the year-to-date now total \$46,254,789 which is 58.1% of Florida's 1956 quota, a little below par as usually about six per cent more bonds are purchased in the first half year than in the final six months."

Mr. Lively relates that an analysis by the National office of the Savings Bonds Division disclosed that there has been an 8% gain this year in purchases of smaller denomination bonds (\$25 to \$200) the sizes usually attributed to Payroll Savers and that the \$104 million decline in over-all national sales to bonds this year is entirely related to this (both E and H) of \$500 and larger size usually associated with the investor market, and reflecting the feverish competition for investor money to provide the funds for the year's unprecedented industrial expansion.

## ONE MORE GOOD REASON WHY...

7 OUT OF 10 PREFER Holsum

In this Coffee Cake... fresh eggs, fine creamy butter, milk, brown sugar, cinnamon—the same pure ingredients you'd use at home... plus Holsum's famous baking know-how! Butter pecan... rum streusel... glaze nut... cinnamon streusel—rushed fresh to your grocer every day!

Priced reasonable at \$180.00 per acre with good terms. 3350 acres on highway 27 ready for development. \$100.00 per acre with terms. 480 acres in South Bay. 100 acres in pasture. \$140.00 per acre with long terms. 5-10 acre tracts undeveloped land. All priced at \$100.00 per acre. 320 acres in Canal Point area. Farm land ready for farming. \$250.00 per acre with terms. Orders now being taken for new homes in Lyons' park and Ridgecrest Gardens. List your property with us for results. Call Bob Douthett, With THURMOND KNIGHT, Reg. Real Estate Broker, Phone 7361 Pahokee, Fla. 8-24-11

## Wednesday's Meeting Kept Commission Busy

After disposing of the controversial improvement program straw ballot, the Commission got down to routine business, among which are the following:

Arranged for a meeting of Belle Glade and South Bay Commissions to discuss water contract and a fast water meter. Passed, first reading, an ordinance providing for a \$25 yearly rental of hooded parking meters "in front of" business establishments.

Received information from Commissioner Unwin that Everglades Federal Savings has ceased obliging loan applications in Lyons Park, Jones Subdivision and Rader's subdivision, until streets and drainage are completed.

Authorized the advertising for purchase of a truck.

Received information from a letter from Florida East Coast Railway stating that they will build a grade level crossing of the Hillsboro Canal. The railway said that they couldn't get permission from the State Road Department because of undisciplined authority and location.

## Blank Participates In Industrial Panel

Ralph Blank, Sr., Manager of the PB County Resources Development Board appeared in Fort Lauderdale yesterday (Thursday) on a panel which discussed industrial development in our state.

The State Chamber of Commerce is sponsoring this all day event which is being participated in by the State Industrial Commission and the State Development Commission.

Mr. Blank has been in the forefront with this County's legislators, Roberts, Blank and Dickinson, in negotiating details of the proposed Pratt & Whitney engine plant.

## Three New Teachers On South Bay Staff

South Bay—Three new teachers joined the staff of South Bay School this year and one vacancy still exists as of this week according to Principal Pellon Morris. Mrs. Laura Willis of South Bay, will teach second grade; Mrs. Edna Padgett of Homestead, Florida, 5th grade; Miss Margaret Walker from Lambert, Miss., will teach Junior High English and Social Studies.

Teachers returning this year are: Mrs. Edna Eitzman, first grade; Mrs. Edna Maxwell, third; Mrs. Lessie Martin, fourth; Mr. George S. King, sixth. A vacancy exists for a teacher of Junior High Math and Science, which will be filled by Principal Pellon Morris temporarily.

All teachers met at their individual schools Tuesday morning for faculty meeting. In the afternoon they attended a general orientation period for the entire county at Lake Worth. Wednesday, Grade and Subject area meetings were held in West Palm Beach. Yesterday the District Florida Educational Association meeting was held at Ft. Pierce and today all teachers are gathered in West Palm for special group and workshop meetings.

Next week teachers will be in their individual schools getting ready for the opening of school September 4th. August 30th from 9:00 to 11:30 is first grade registration and principal Morris reminds all parents that children must have birth certificates to enroll.

## FARM TO MARKET ROADS (Continued from Page One)

The total value of produce for the season 56-57 to be carried on either of the above roads will exceed that of many counties in Florida.

In Chicago right now and in San Francisco right now, such works as these are termed "Farm to Market Roads", and children must have birth certificates to enroll.

The road to the east benefits everyone in Belle Glade as much as it does the farmers who will use it for it keeps away from the Main Street bridge hundreds of trucks that would daily use that bridge to the discomfort of the public.

JOHN M. MONAGHAN (center right) is receiving congratulations from Major Fred G. Anderson, Army Advisor (center left) on his recently earned rank of Second Lieutenant. John received his bars August 19th, at the regular Sunday Drill of Company E, 211th Infantry National Guard held at the Legion Hall. First left is Lt. Col. Oliver W. Hartwell, Ba. Commander of West Palm Beach, Local Company Commander, 1st Lt. John H. Cromartie, right, smilingly looks on.

## Radiator Service

### Now In New Home

Mr. Charles Buchillon, owner of General Radiator Service, announces their new location, 101 South Main Street, (Formerly Buckles Restaurant) where they moved last week. For the past four and a half years the business has been located at 333 S. W. 4th Street.

New equipment, an automatic radiator lifter, has been installed in their new home to enable them to offer still faster service to their customers. Handling up to a 200 lb. load, heavy jobs can be turned out even faster—24 hr. service on tractor and truck work and small jobs taken care of within hours.

With thirty years experience in radiator work, Charles offers service here that is not often found available in a town of this size. "We always have a complete stock of cores to make prompt repairs possible," he stated. L. C. Hughes, an expert mechanic, is Mr. Buchillon's assistant.

## Jay-C-Ettes Hear Talk By Frances Fontaine

The Belle Glade Jay-C-Ettes met last week at the home of Mrs. Benny Richmond. Mrs. Frances Fontaine spoke on the Future Homemakers of America. She told of her recent trip to the National Convention in Chicago. Those attending the meeting
